TECHNOLOGY**

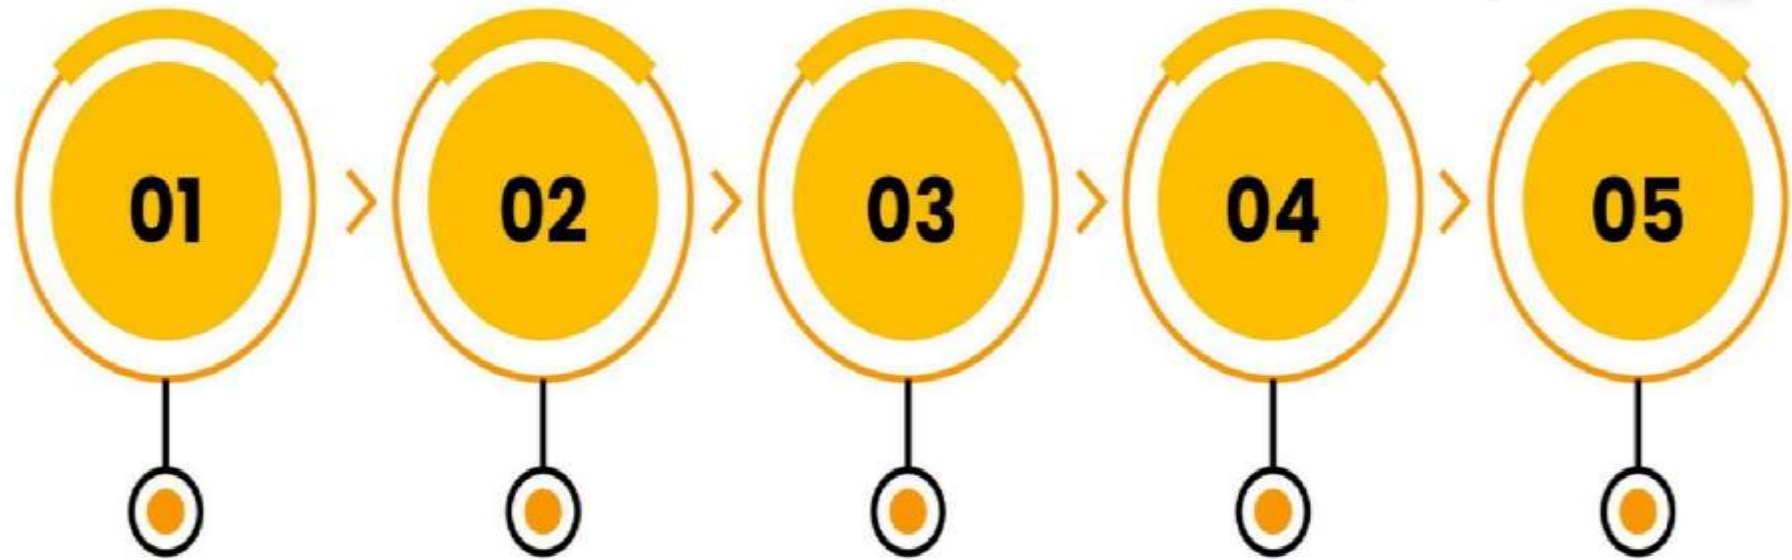

ABOUT FLYINGBOT

FlyingBot makes no promises or guarantees regarding potential income. As with any business, the success or failure of each independent participant depends on the individual skills, experience and personal effort. Past performance or the results of other participants should be relied upon as an indicator of what you may earn.

FlyingBot operates solely as a trading Platform, offering tools for Forex and digital asset trading. We are not affiliated with any financial product sales or lucrative financial services and do not provide any guarantees related to financial returns. Participation in FlyingBot platform is for personal trading and investment activities, and all users are responsible for their own trading decisions and risk management.
